

## Database Management System Group Project Evaluation

- Your project is going to be evaluated if you make a live DEMO. Otherwise your project is not going to be graded.
- Each member of every group must be there during the presentation. If a student is missing he/she gets 0 point from the presentation.

Database Management System Group Project evaluation criteria are below:

Criteria	Point
ER diagram and modeling quality	10
Normalization conformity	10
Database design (DDL)	15
Data insertion (DML)	15
Richness of SQL queries	20
Presentation and live demo for above items	20
Bonus features (VIEW, PROC)	+10
<b>Total:</b>	<b>100</b>

### Mode of Delivery:

- SQL file (.sql)
- Project report (.pdf) – ERD ve short explanations (include your team's member names)
- DEMO presentation

**You must upload the compressed file (with the above files inside) before the deadline (14.05.2025, 21:00) to the classroom Homework section.**
